

Sunthinks Free Print Samples Large Format One Pass Carton Printer

Product show

PRINTING EFFECT

PRODUCT FEATURES

1. One pass printing, incomparable speed

2. It can print flexible rolls and realize one pass roll to roll printing (Customizable)

3. PLC operating system customizable programming

4. Ink circulation system, the entire ink circuit system will circulate, taking away the air in the ink tube to ensure normal ink supply without affecting printing accuracy

5. Use high-definition touch screen to control the machine, all operations are completed on the screen, support Chinese/English switching

6. The suction platform sucks the printing material, and sets the pressure bar to press the printing material to prevent the edge of the material from lifting and hitting the printhead

7. Water-based pigment ink, environmentally friendly and pollution-free

8. The entire conveyor belt covers the entire platform which reduces the friction between the printing material and the printing platform compared to the old strip conveyor belt

9. Using HP print heads, the print width and accuracy can be changed by increasing the number of print heads according to actual printing needs

single pass printer

Print Speed		Print Accuracy	
30m/min		1200*335	
20m/min		1200*447	
15m/min		1200*671	
6m/min		1200*1346	
Printhead Number		Print Width	
1pcs		215mm	
2pcs		430mm	
3pcs		645mm	
4pcs		860mm	
5pcs		1075mm	

Automatic paper feeder

Product Size	2000mmx1800mmx1650mm
Maximum feed width	1.6m
Maximum feed length	2m
Minimum feed thickness	1mm
Maximum stacking	40cm
Fastest feeding speed	30m/min

YOUR LOGO

automatic feeder

Technical information

2 head

Print head type	HP 452 / Width of single head : 215mm
Printing platform/	Vacuum adsorption
X axis drive	High-speed stepper motor drive
Maximum printing area	430MM (Print width or platform width can be customized according to requirements)
Ink color	C M Y K
Printing resolution	1200x248 1200x671 1200x1340dpi
Inkjet technology	Hot foaming
Ink type	Water-based ink, dye, pigment
Ink capacity	1000ML
Print height	5CM
The printing speed	30-50M/MIN
Printer weight	1000KG
Dimension	2500*2230*1500 mm
Packing Dimension	2660*2250*1650mm
Interface	USB
Power consumption	50HZ/60HZ 110/200VAC 1.5KW

Technical information

3 head

Print head type	HP 452 / Width of single head : 215mm
Printing platform/	Vacuum adsorption
X axis drive	High-speed stepper motor drive
Maximum printing area	645MM (Print width or platform width can be customized according to requirements)
Ink color	C M Y K
Printing resolution	1200x248 1200x671 1200x1340dpi
Inkjet technology	Hot foaming
Ink type	Water-based ink, dye, pigment
Ink capacity	1000ML
Print height	5CM
The printing speed	30-50M/MIN
Printer weight	1500KG
Dimension	3050*2230*1500 mm
Packing Dimension	3210*2250*1650mm
Interface	USB
Power consumption	50HZ/60HZ 110/200VAC 1.5KW

Technical information

4 head

Print head type	HP 452 / Width of single head : 215mm
Printing platform/	Vacuum adsorption
X axis drive	High-speed stepper motor drive
Maximum printing area	860MM (Print width or platform width can be customized according to requirements)
Ink color	C M Y K
Printing resolution	1200x248 1200x671 1200x1340dpi
Inkjet technology	Hot foaming
Ink type	Water-based ink, dye, pigment
Ink capacity	1000ML
Print height	5CM
The printing speed	30-50M/MIN
Printer weight	1800KG
Dimension	3820*2230*1500 mm
Packing Dimension	3980*2250*1650mm
Interface	USB
Power consumption	50HZ/60HZ 110/200VAC 1.5KW

Consumable price

Purchase Printer will free a set of ink, a bottle of cleaning fluid, and a suction fan
